TUESDAY EVENING, AUGUST 1, 1882.

ANCIENT COIN FOUND IN ILLINOIS .- A farmer in Cass county, Illinois, picked up on his farm a curious bronze coin, which Dr. J.

PURE DRUGS and MEDICINES, CHEMICALS,
PAINTS, OILS, PROPRIETARY MEDI-F. Snyder sent to Professor F. F. Hilder, St. Louis, who writes as follows to the Kansas City Review: "Upon examination I identified it as a coin of Antiochus IV., surnamed Epiphanes, of the kings of Syria, of the family of the Selencidæ, who reigned from 175 B. C. to 164 B. C., and who is mentioned in the Bible (first book of Maccabees, chapter 1, verse 10) as a cruel persecutor of the Jews. The coin bears on one side a finely executed head of the king, and on the obverse a sitting figure of Jupiter, bearing in his extended right hand a small figure of Victory, and in his left a wand or sceptre, with an inscription in ancient Greek characters— Basileus Antiochov, Epiphanous, and anoth-er word, partly defaced, which I believe to be Nikephorou; the translation of which is: King Autiochus, Epiphanes(Illustrious,) the Victorious. When found it was very much blackened and corroded from long exposure but when cleaned it appeared in a fine state of preservation and but little worn.

VENNOR'S AUGUST PREDICTIONS.-Mr. Henry G, Vennor, the weather prophet, writes: "I cannot but think that August will be another month of storms and unusual rainfall, with one or two remarkably low curves of temperature. I expect snowfalls will be recorded in extreme western and northwestern sections, and cold rains at more southerly stations shortly after the middle of the month. October will be very similar, but of course colder."
